

Double-sided rung ladder

A classic ladder for a wide range of applications. Popular with professional painters and electricians.

- + Sturdy multiple screwed steel hinges
- + Spread lock chain
- + Snap hooks for safe transport
- + Side rails made from high-quality, knotless wood
- + Non-conductive material
- + Hardwood rungs with high-strength mortise and tenon joints
- + Environmentally friendly and made from untreated wood
- + Foot caps available as accessory (up to size 2x8 rungs)

As accessory we recommend the tool tray "Toolbag", article no. 123824, see page 80.
